

## Event Report Dated 15/7/2023

### orientation event on July 15, 2023 PG & Ph.D Students

The Diversity and Inclusion Committee (DIInC) organised an orientation event on July 15, 2023, for postgraduate and PhD students and a subsequent event on August 5, 2023, for undergraduate students, collectively engaging around 2500 students. The central aim of these orientation programs was to nurture and instill a robust ethos of diversity and inclusion throughout the campus milieu. The fundamental drive behind this endeavour was to establish a setting in which every student, regardless of their background, experiences a sense of esteem, recognition, and equitable prospects for flourishing.
